FOR IMMEDIATE RELEASE

APPLETON INTERNATIONAL AIRPORT INCREASES BUSINESS AND VACATION
TRAVELERS IN OCTOBER

GREENVILLE, Wis., Dec. 1, 2016 - [Appleton International Airport](#) increased business and vacation travelers in October with more flights to popular destinations. October passengers totaled 49,027, an increase of 3.1 percent over the 47,555 passengers recorded in October 2015.

The increase was partly due to [Allegiant Air](#)'s additional flights to Orlando/Sanford and Tampa/St. Pete in October.

"October is always one of our busiest months," said Abe Weber, airport director. "Traditionally it's been a strong month for business travel. However, this year we had Allegiant offering twice-weekly flights to Orlando and St. Pete. Northeast Wisconsin customers took advantage of this expanded service."

Allegiant finished October with 27 percent more passenger traffic compared to the same time last year.

Appleton International Airport has flights around the country on Allegiant Air, [Delta Air Lines](#) and [United Airlines](#). Find a full list of destinations at ATWAirport.com.

Appleton International Airport

Appleton International Airport serves business travelers and vacationers with flights around the country. Allegiant Air flies out of Appleton International Airport to four nonstop destinations. The airport also has flights to major hubs around the U.S. on Delta Air Lines and United Airlines.
