## RECORD SETTING APRIL BLIZZARD NO MATCH FOR ATW

We're proud of our airline and airport teams who worked tirelessly to keep ATW open during the biggest snowstorm in Appleton history with 21.2" of snow.

On April 14th-15th, despite continuous heavy snowfall, 3,000 passengers traveled safely on 45 flights through ATW. Only 9 flights were cancelled.

We operated with safety as our top priority and delivered on our mission to connect Northeastern Wisconsin to the world.
