

## ATW ranks #4 on list of Fastest Growing Airports in America

# #4

Bloomberg news recently announced their list of the fastest growing airports in America, with Appleton Airport coming in at number four. ATW's fourth place win can be attributed to a 26.8% increase in weekly departing seats over the last two years; and Appleton does not plan to slow down in 2018. **Already this year, ATW has added additional American Airlines' flights to Chicago O'Hare and begins brand new nonstop United Express service to Denver on June 8th. Thank you to the community for your continued support and for choosing to fly ATW!**
