APPLETON INTERNATIONAL AIRPORT INTRODUCES VALET PARKING

APPLETON, Wis., Mar. 13, 2019 - [Appleton International Airport](#) has introduced a new, affordable valet parking option just in time for the busy spring break travel season.

ATW valet parking is part of the airport's mission to improve the customers' travel experience.

"Our airport team is committed to making Appleton the most convenient option for travelers," said Airport Director Abe Weber. "We're excited to offer this new, affordable option that will save customers time, and make parking at the airport easier than ever before."

To use the new service, passengers will pull their vehicle up to the designated valet lane near the terminal doors, and bring their keys to the ATW welcome desk. The passenger will then provide their name, phone number and flight information before dropping off their keys with the attendant. Once the passenger returns, they will receive a text message confirming their vehicle is ready and waiting just steps from the front door.

The new service is available for \$8 per day with a one-time \$10 service charge.
